Work Experience

Denver Public Library

Technology Specialist
2008 - 2015

The Community Technology Center is Denver's access point for public computing and technology. And ideaLAB is Denver's public makerspace and media lab.

- One-on-one technology consulting: computer & gadgets basics; eMedia support; personal web design.
- Digital makerspace/media lab: programming and instruction on 3D printing, open source programming, video game programming, 3D animation and video editing, electronics and circuitry with Arduino.
- Collected/compiled statistics on program attendance with MS Excel and MS Access; wrote Python/Ruby scripts to automate submitting calendar events online.

YMCA of San Diego County

6-to-6 Site Supervisor
2002 - 2008

Ran a before and after school program at a local elementary school.

- Installed/administered a computer lab consisting of donated and up-cycled Linux PCs for after-school homework assistance.
